Dear Natalia,

I would like to thank you for all the efforts in representation of "AT&T Global Network Services" in its renewal of current lease agreement in the Building located at Sivtsev Vrazhek lane 25/9.

Our cooperation with CB Richard Ellis started from selection of our office in Moscow in 2000.

We started working with Natalia Zharova since 2008. Natalia showed serious, responsible and professional approach to the task we gave her. She was extremely helpful from our first telephone conversation through completion. I appreciate the time she took in negotiation process with the Landlord which lead as a result to our rental Rates reduction and maintained flexibility for the longer term. Natalia also coordinated the work of our outsourcing legal & accountant companies.

I am very pleased with how things turned out. If you have a client who is considering using your services and they wish to talk to a previous client, feel free to use us as a reference.

We wish you the best.

Sincerely,

Alexei Ignatov
General Director
