Dear Evgenia,

I would like to thank you for your effort in representing NCR with its selection of our back-up office premises at Omega Plaza.

We appreciate your assistance in understanding the necessary issues as it was a real challenge to find premises which would meet all our essential requirements. Omega Plaza was an ideal solution as it is within close proximity to our main office with a high floor load capacity for our show/training room as well as competitively priced.

Your tenacity in driving the lease negotiation process resulted in a considerable discount of base rent which is very important to our company.

The assistance of Elena Efremova as a head of corporate services on the final stage of negotiations was very much appreciated and demonstrates CB Richard Ellis' commitment to provide its full resources.

Thank you for your true commitment from start-to-finish.

I look forward to continued cooperation and I am pleased to recommend you to other organizations which are in need of professional tenant representation services.

Best regards,

  
Natalia Beschastnova
